

CORZYNA™

(ranolazine 500 mg extended-release tablets)

CORZYNA™ Purchase Support Program

For patients who do not have prescription drug coverage, KYE Pharmaceuticals Inc. (KYE) is pleased to provide the CORZYNA™ Purchase Support Program.

Patients can receive CORZYNA™ at a 45% or greater discount to the regular price, depending on the total daily dosage, excluding shipping fees which are waived with a purchase of a 3-month supply.

To take advantage of the CORZYNA™ Purchase Support Program through our partner PHARMEX Direct Inc., a national mailing and online pharmacy, the steps are:

1. CORZYNA™ prescriptions can be phoned in by physicians to 1-800-663-8637 or faxed to 905-847-8271
2. Patients must register with PHARMEX Direct by phoning 1-800-663-8637 or visiting www.pharmexdirect.com/enroll
3. CORZYNA™ will be delivered directly to their home after registering and providing the required information and credit card details

For more information on CORZYNA™ please visit www.kyepharma.com, and more information on PHARMEX Direct Inc. visit www.pharmexdirect.com.

Any questions please ask your local representative or email corzyna@kyepharma.com.

CORZYNA™ (ranolazine extended-release tablets) is indicated as add-on therapy for the symptomatic treatment of patients with stable angina pectoris who are inadequately controlled or intolerant to first-line antianginal therapies, including beta-blockers and calcium channel blockers.¹
